## *Your First Steps*

First, you should call or E-mail us for an appointment. We will meet with you personally to answer any questions you may have as well as show you examples of site designs. There is never a fee for this initial consultation.

Second, if you should decide to have Web Perfect Creations design your Web site, you will need to sign the contract and make payment. The project will begin after this important step.

Third, we will assist you in registering your domain name and purchasing hosting service, which will incur small monthly or yearly fees. We will then be able to set up mail boxes and temporary passwords for all of your staff, as well as have the tools needed to publish your Web site when it's completed.

Fourth, make a decision about the general look, color, and theme of your new Web site. We will be happy to provide you with some appropriate choices as well.

Fifth, simply provide us with information as digital media. You will need to be sure that you have approvals and permissions for the use and publication of any and all text, photos, graphics, audio and video, etc., content that will be included in your Web site. (This may include parental permission to publish child photos.) If you would like, we can take pictures of your business interests with our digital camera and upload them to the Web ourselves. We are very flexible and can help you each step of the way.

Then, follow your Web site progress by logging on to our business Web site and going to the "Links" page. Click on your organization name and view the site as pages are built. E-mail us with any questions or suggestions you may have during this process.

*Your input and participation are critical for success.*

Lastly, once the Web site has been built to your satisfaction (about two weeks is normal), we will publish your Web site to the Internet. After completion, we can provide support and training to your staff for publication of newsletters, calendars, etc.

Thank you for considering Web Perfect Creations for your Web site needs. We look forward to meeting with you personally!

*Be sure to ask about our  
"Customer Referral Program".*

"Where our Web creations fit you perfectly!"  
Web site design, hosting, and consulting to fit  
your needs.

Have you ever thought about  
having your own Web site?  
**It's easier than you think.**

Where will your organization or business be  
five years from now? Let Web Perfect  
Creations help get your dreams "off the  
ground".

Did you know? Web Perfect Creations will build  
your Web site from our home location and  
publish the ongoing construction on our  
"Links" page for you to follow each step of the  
way.

Serving the Public...

Web Perfect Creations is currently  
working with the Steering Committee for  
Upstate Miracles whose mission is to provide  
opportunities for area citizens to play America's  
favorite past time, regardless of their abilities.

### Top 10 reasons to have your own Web site:

1. To establish a presence and heighten public interest.
2. To network and make business information available.
3. To serve your customers and stay in contact with sales people.
4. To create 24 hour service and allow feedback from customers.
5. To sell things and open international markets.
6. To release time sensitive materials and make changing information available quickly.
7. To reach a highly desirable demographic market including the media, education and youth markets, local and specialized markets.
8. To answer frequently asked questions.
9. To test market new products and services.
10. To make pictures, sound and film files available.

Hourly rates apply.

### About Us

Web Perfect Creations was formed in 2006 after its founders discovered that their services were becoming ever increasingly in demand. Starting in 2003 from their home office in Williamston, Web Perfect Creations first supplied their services to local schools, churches and community charity organizations. Web Perfect Creations now offers services to organizations and businesses around the world.

As a small business ourselves, we know first hand how much a Web site can increase business opportunities. Let Web Perfect Creations help your business or organization "soar" by connecting you to the "World Wide Web" with a quality Web site that is not only affordable, but is created to fit your needs perfectly.

*"With Web Perfect Creations at your side, realizing your goals is a breeze."*
